COAL SCRIP RECORDS RELEASE

The ORIGINAL minting ledgers contain some information on purchase of scrip from ALL states and all types of businesses. If your scrip has an Ingle, ICS or ISC reverse you really need at least the ledgers. Over the past 15 years or so I have purchased every West Virginia Coal scrip record I could find. I have thousands of pages and three handwritten minting ledger books, each about 100 years old. I have invested thousands of man hours of my and others time and dollars as needed to search for, secure, compile, copy and save them in a form that is easy to distribute. Now is time share them with all collectors through NSCA (National Scrip Collectors Association) for the present and future generations of scrip collectors, why? Well I personally don't want for this information to get lost like so much already has. At my age of 83 I have seen how the great scrip collectors in the past, who accumulated their great collections and vast amounts of information never were able and maybe not willing to share knowledge like we can today. This information should bring a new chapter in coal scrip cataloguing and collecting. For over at least 70 years, SCRIP was part of the coal mining experience whether it was good or bad. Almost each and every piece of scrip has a history if you could just follow it as it passed through the hands of miners and their families, coal scrip was never meant to be saved, but to purchase the necessities to exist until another payday. Scrip collecting, what a great way to keep coal history alive if you'll just look at the life and hardships of the families that HAD to use it. I challenge the reader to research "Breaker Boys" in the coal industry and see if that will not tug on your heart of the hard life of the miner family. Yes I'm sure some of them handled some scrip. Readers can get more information in how to acquire the records on 15 DVD's and how to join NSCA by contacting,

Billy W. Campbell bwccam@gmail.com

You can download into your computer or take the DVD to any copy shop and have them to make a double sided (heavy weight paper) copy for loose leaf booklets or the best way, some copy shops can hard back bind them into book form and emboss them as well for a very reasonable price. Works great. NSCA asks you **please do not share/copy any DVD information with others as this is an income stream for NSCA.**

BILLY W. CAMPBELL bwccam@gmail.com

1. 1 DVD DISC ---All collectors know how hard it is to find the **keystone coal field directories**. Now you can get the **West Virginia sections only** of the Keystone first edition published in 1903 and others through 1912-13 editions. The first 10 years of the publications.

2. 1 DVD DISC ----of the ledger I've been looking for years that was in Robert Craigo's estate, The **INGLE SYSTEM minting records beginning Nov., 1918 –June, 1919**, It appears the years 1909 – 1918 are missing as 80 pages were torn out, plus you get ICS minting from July 1919 to Dec., 1923 plus ISC minting from Jan., 1924 to Mar., 1925.

3. 1 DVD DISC ---of the Ingle-Schierloh minting ledger from January 1, 1924 to April 22, 1953. This ledger has every minting from all states broken down by purchase order number, date, company, city, state, salesman, description of individual scrip ordered, total scrip in order, scrip cost and other useful information per order. The ledger page size is 11 X 14 if you copy.

4. 2 DVD DISCS ---- Scrip talk-1965-1994/ Company Store 1966-1968 compiled by Kevin Andersen and Scrip Talk 270 issues 1966-2017.

5. 11 DVD DISCS ----each with over 250 pages of ISC correspondence with coal companies about their minting orders. There are 306 towns/companies broken down into books that show which towns, companies, and number of pages that are included on each disc. A few pages are repeat as they concern more than one town. Below is a menu of what is included. Each BOOK/DVD is sold separately.

TOWN NAME FOLLOWED BY THE EDKIN CAT. # OF THE TOWN. NAME ON SCRIP FOLLOWED BY THE NUMBER [] OF CORRESPONDENCE PAGES OF FILES.

There are several original sales flyers, U. S. Treasury letters and miscellaneous information in the first pages of the files.

306 TOWNS/COMPANIES/SERIES approximately 3303 pages in all 11 disc's.
